

# The Dream Doesn't Stop Here

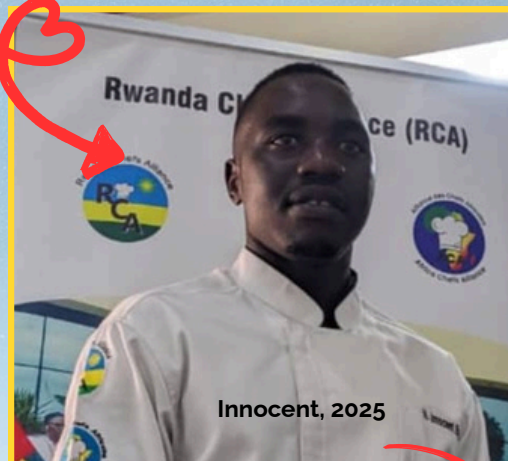

Innocent's journey has transformed dramatically—from a 16-year-old boy struggling to breathe to a 23-year-old man on the verge of realizing his dream of becoming a chef. This is a life he once thought was beyond his reach. However, his dream is not yet complete, nor is it just Innocent's. Team Heart and many other young people in Rwanda are still battling rheumatic heart disease, and their dreams have barely begun.

The journey to these dreams starts with a group of individuals who recognize a need and selflessly offer their time, expertise, and care. It continues as others begin to share this vision and contribute generously, allowing the dream to flourish. The impact of these gifts is evident in people like Innocent, who feel inspired to give back to their communities and share the blessings they have received.

Join Innocent on his journey to give back. Join Team Heart on their mission to change more lives, and **BE A PART OF THE DREAM.**

*“My hope for other patients is that they remain strong and never lose hope, even during difficult moments. I hope they feel supported, cared for, and confident that better days are ahead. With patience, faith, and proper guidance, healing is always possible.”*

Innocent, 12/2025

**PLEASE GIVE  
TODAY TO HELP  
OTHER YOUNG  
RWANDANS REACH  
THEIR DREAMS.**
