Same-Day Direct Deposit

Employees can be paid on the same day you run payroll—an upgrade over the next-day or 2-day deposit in lower plans.

Time Tracking Powered by QuickBooks Time

Integrated time tracking allows employees to clock in and out via mobile devices. Managers can review and approve timesheets directly in QuickBooks, which streamlines payroll and improves accuracy.

HR Support Center

Premium users get access to tools that help manage hiring, onboarding, compliance, and employee handbooks. Some plans also include HR advisor support.

Expert Setup

A payroll specialist will help you set up your account, making sure everything is configured correctly from the beginning.

Employee Benefits Integration

QuickBooks Premium allows you to offer and manage benefits such as health insurance, 401(k), and workers' comp through integrated partners.
